# Fletcher Pilates® Program of Study

---

## Our Mission

---

In body, breath, mind and spirit we preserve and advance the inspired evolution of Body Contrology, the work of Joseph and Clara Pilates as articulated by our Master Teacher, Ron Fletcher. As he mentored and taught us, so we will teach and mentor others in the artistic transformation that leads from strength to balance to grace. We embody excellence and professionalism as guides on the journey that is the legacy of this work.

We inspire  
excellence and  
professionalism  
in each  
generation  
of Pilates  
Teachers.

## Goals

---

- To provide a Comprehensive Pilates Education
- To preserve the Fletcher lineage of the Pilates method and the historical connection to Joseph Pilates
- To facilitate a transformational learning process of the Fletcher Pilates method
- To encourage a continuous educational path/lifelong learning
- To maintain the highest quality of educational standards within the Pilates community

## About Fletcher Pilates®

---

The international Pilates revolution owes much of its momentum to Ron Fletcher. A 20-year student and protégé of Joseph and Clara Pilates, Fletcher's organic, movement-based approach to the original Pilates method has inspired generations of Pilates teachers and practitioners. Much of the existing Program of Study structure and syllabus date back to 1999 with the inception of the Body Works Studio Pilates Teacher Program in Tucson, Arizona. In January 2003, The Ron Fletcher Program of Study® was formed, further clarifying the Fletcher Pilates® lineage. In 2007, the Program of Study went through a second progressive transformation in which the syllabus was further refined and the structure both clarified and simplified, to form the Comprehensive Program. Beginning in Fall of 2013, The Ron Fletcher Program of Study® became the Fletcher Pilates® Comprehensive Program in its third progressive transformation. The Fletcher Pilates® Program of Study has grown to include the Preparatory Course, the Comprehensive Program, which includes the Foundational and Professional Programs, licensing courses, and continuing education courses.

# Programs & Courses

---

The Fletcher Pilates® Program of Study is one of the most comprehensive and definitive international Pilates educational program of its kind. The multi-dimensional Comprehensive Program is the only teacher-training program to be fully endorsed by Ron Fletcher.

## What We Offer

---

### Preparatory Course

30 hours over 8 - 10 weeks

The Fletcher Pilates® Preparatory Course is designed to give students an overview of the Fletcher Pilates® syllabus, from a student's point of view. Based on Ron Fletcher's philosophy of "knowing movement in the body," the Prep Course encourages experiencing each piece of movement before learning to teach it. Structured as a 30-hour course, the Prep Course is the most efficient and affordable means of reviewing the beginning to intermediate Fletcher Pilates® syllabus. The Preparatory Course is a prerequisite of the Foundational Program.

### Comprehensive Program

#### Foundational and Professional Programs

Our 2-level Comprehensive education begins with the Foundational Program, followed by the Professional Program. The Foundational Program covers the beginning/intermediate Fletcher Pilates syllabus on all apparatus as well as techniques exclusive to Fletcher Pilates. Foundational Program graduates receive a Qualified Teacher Certificate and are eligible to sit for the national PMA Certification exam. Our Professional Program expands upon this knowledge to include the intermediate/advanced Fletcher Pilates syllabus and curriculum, further developing teaching and movement skills to complete their Pilates Teacher education. Graduates of our Professional Program receive a Professional Teacher Certificate.

### Foundational Program

(520 educational hours, with an additional 140 hours of prerequisites, evaluations, mentoring and homework)

The Fletcher Pilates® Foundational Program is designed to give participants a thorough understanding of the complete Fletcher lineage of the Pilates method, and to instill an understanding of how to teach Fletcher Pilates®. The program incorporates the full range of Pilates apparatus, as well as Fletcher Pilates® Matwork and the signature Fletcher Towelwork®, Fletcher Spine Corrector™, Fletcher Barrework™, Fletcher Floorwork® and Fletcher Percussive Breath™ techniques.

Students that have successfully completed the Foundational Program are eligible to sit for the Pilates Method Alliance National Certification Exam to become PMA Certified Pilates Teachers. All are encouraged to become members of the Pilates Method Alliance, the only non-profit professional organization for Pilates.

Additionally, it is highly recommended that students continue into the Fletcher Pilates® Professional Program to further develop their teaching skills and complete the Comprehensive Program in its entirety.

### Prerequisite Hours

It is essential for participants to learn and know the Fletcher Pilates® method and technique in their own bodies before learning to teach this work to others. Applicants are required to complete at least 30 private sessions and the Fletcher Pilates® Preparatory Course before entering the Foundational Program. The Fletcher Pilates® Preparatory Course can be substituted by 30 hours of private sessions or group classes if the Prep Course is unavailable. The full pre-requisite process generally takes three to six months of concentrated study. Prerequisite requirements will be modified for those who

have completed another comprehensive Pilates teacher training program. If you do not live near a Faculty member, you may prepare to enter the Foundational Program by studying with any of our Fletcher Pilates® Qualified Teachers.

### **Entrance Evaluation and Interview**

Each student is required to complete an Entrance Evaluation demonstrating basic understanding of the beginning/intermediate syllabus as well as the Pilates Movement Principles and Fletcher Fundamentals. Students also participate in an entrance interview during which faculty assess the student's preparedness to enter the Foundational Program and also communicate results of the Entrance Evaluation. If needed, a specific preparation plan for entering the Foundational Program can also be determined through these meetings. Ideally, this Evaluation is one of required prerequisite private sessions or must be paid for separately.

### **Classroom Hours**

(120 hours)

The Foundational Program is taught in four 5-day sessions, spread out over the course of 8 months. International Programs may be taught in two 10-day sessions. Attendance is mandatory. Class-room hours offer class-based direct instruction from Fletcher Faculty. The first two sessions cover the fundamental Fletcher Pilates® techniques. The last two sessions continue education through intermediate techniques and focus on teaching the student-teacher to approach the Fletcher Pilates® syllabus as a movement program.

Each Session includes teaching and discussion of the movements, structured group classes and opportunities for student teaching. Each session also includes an Anatomy Discussion, Teaching Labs, Daily Discussions and guided opportunities to explore movement—putting the technique in to practice. Subjects covered during the coursework sessions of the Program

include: Foundations of Pilates Instruction, Basic Anatomy and Body Mechanics, History and Philosophy of Pilates, and Ethics and Logistics. Texts include: Return to Life Through Contrology, by Joseph H. Pilates; Trail Guide to the Body by Andrew Biel; Trail Guide to movement by Andrew Biel; and excerpts from Every Body is Beautiful, by Ron Fletcher.

### **Assessments (Included in Classroom hours)**

Assessments designed to assist in enhancing the learning process are included in each of the classroom session. A practical performance assessment is included in each session. A casework assessment is included in Sessions III and IV. An anatomy assessment is included in each session. All assessments must be passed by a rate of 70%, or a plan for progress will be implemented to ensure student's success in the remainder of the Program.
